In December of 1958 the construction of the new Carthage Central Junior-Senior High School was completed—a dynamic structure. But the architectural beauty of the building only exemplifies the greatness of the educational structure therein.

Builders construct buildings to be useful, and erect them solid and firm. This is also the aim of the educators in developing the student. Education's aim is to produce useful members of society benefitting not only themselves but their community, their country, and their God. It strives to make them firm, able to face and conquer the problems which will encompass them in their lives.

Just as the mason lays brick upon brick to build an edifice, our teachers develop the minds of our young people "brick by brick," so they may grow to become intelligent, effective adults.

But just as fine buildings need good builders, a fine education needs good educators.

The educational structure is far more important than the physical structure. The intangible attributes are of much more value than the tangible, for they affect our characters and our minds. These are what we will carry with us through our lives. We should realize this; and if we are to benefit from them, we must make the fullest use possible of all the opportunities offered in our school, intangible as well as tangible.

AMERICAN FIELD SERVICE EXCHANGE STUDENT

To The *Curthadian*:

As I open my diary to the date—September 5th, 1962—I can see vividly engraved in my mind all the events of my first day at Carthage Central School. This date will be always remembered as the beginning of the most wonderful, the most unforgettable, the most exciting, and the happiest year of my life.

Going back further in the yellowing pages of this diary, I cannot find in any other periods of my brief existence a single mention of as much happiness and pleasure as the present ones. The undeniable amiability bestowed upon me by the teachers, by the officers, and by the students of this school, is for me an expressive and clear example of American friendliness and good will. Though I have traveled almost all around the world—from the far East to the West, from the South to the North—it was only here, in the community of Carthage, that I found the most precious thing on earth. It is not made of gold, it is not made of clay; but it is made of human sentiments. It is what I call real friendship. The dearest portion of my heart is dedicated to all the friends I have made during my short stay here. Soon, I will have to depart, leaving behind this beloved town of Carthage. Too many fragments of my heart have I scattered this year, and too many are the enchanted memories that I collected forever. I cannot withdraw from them without a burden and an ache.

Good-bye, my friends . . .

Forget not that I shall come back to you.

HONOR SOCIETY

To promote further development of outstanding qualities of character, leadership, scholarship, and service on the part of the student body at Carthage Central is the objective of the Robert G. Wallace Chapter of the National Honor Society.

Under the competent leadership of Mr. Gilbert Malerk, the members plan and execute two induction ceremonies annually. As a money-raising project and to stimulate the expression of student talent, the organization sponsors its yearly Variety Show. All activities are intended to hasten the realization of the goals of this society.

CLARION

Once a month it is the aim of the *Clarion* staff to produce a school newspaper that brings to the student's attention all school activities. School news, events, original writings, interviews, and features provide entertainment and enjoyment for all.

All students interested in literary work are eligible for membership. Mr. John Butler, Mrs. Orville Munger, and Miss Rosemarie Gnall supervise the production of this monthly journal.

It takes an efficient, well-informed group to keep the library at Carthage Central School in order. This is the job of the Library Club, headed by Carol Boni. The other officers, Bonnie Flitcroft, Jackie Conley, and Sue Brennan, serve a co-ordinated organization which strives to promote interest in books and reading among the student body. Each year its activities include a field trip to a large public or university library in addition to weekly scheduled work periods for the members.

The pink pinafores designating members of our Future Nurses are well known in the Watertown hospitals. The F.N.A. under the supervision of Miss Mary Jane Kavanaugh, our school nurse, and Mrs. Olive Schutt, our dental hygienist, was organized to introduce members to careers in health and nursing. The officers of this group are Barbara Danks, president, Patricia O'Driscoll, vice-president, and Carol Boni, secretary-treasurer. The members participate in a program of volunteer practical experience and instruction at the Watertown hospitals. In addition the club makes field trips, enjoys films, and makes stuffed animals for children in the hospitals at Christmas.

RIFLE TEAM

Artistry can be found in many rooms at C. C. S., but no where is it shown as beautifully as in the Leather Craft Club. Under the direction of Mr. Renzi, a number of students meet weekly to work with leather in any way that they desire. The end result of their labors can be seen in wallets, pocketbooks, keyholders and belts.

LEATHER CRAFT CLUB

COMMERCIAL CLUB

The Commercial Club, one of Carthage Central's most prominent organizations, exists to encourage interest and activity in the commercial field. However, the students here have discovered that the "book store," run by its members, is its most outstanding feature. Judy Hongo and Karol Flynn served as its president and vice-president, respectively, and Sharon Bach and Donna Nutting filled the positions of secretary and treasurer. Mrs. Laura Byrnes, advisor to the group, co-ordinated its many service activities.

AUDIO-VISUAL CLUB

Without the Audio-Visual Club, our school would indeed be in a sorry state, for the members of this organization run our motion picture projectors, our taperecorders, our opaque projectors, and our public address system. Headed by Jim Galloway, this group elected William Davey as their vice-president and Bruce Tiss as their secretary for the year 1962-1963. Each year they visit the local television station and plan at least one other trip out of the area under the supervision of their advisor, Mr. George Gregory.

Row two: Craig Brennan, Allan Genter *Row three*

The Quiz Team consists of two juniors and two seniors who are sent to a Watertown radio station to compete against teams from other schools. The questions they must answer range from philosophy and religion to home economics and current events. This year a fine group, consisting of seniors Matt Fletcher and Peter Patterson and juniors Dale Smith and Pat Hill met with hard luck and lost their first match. Alternates were Betsy Hervey and Sue Lehman.

To music students of outstanding ability the privilege of participating in zone band and zone chorus is given. These groups are designed for those willing to work hard, for work they must. Rehearsals begin in early fall in a centrally located school and continue until near Thanksgiving when the final concert is presented. This year the program, held in Carthage, was unusually successful.

Among its seasonal activities, Carthage Central School can boast a Ski Club. Each Saturday during the skiing season, members awaken at the crack of dawn in order to reach Snow Ridge for their lessons. Although feet get cold and noses are red by the end of the day, the Ski Club members are always ready to return in a week for more snow and cold.

SKI CLUB

Mr. Lyle Green, Bill Walch, Jo Ann Sisson, Jennifer Waters, Lee Hollingsworth, Peter Patterson, Glen Face, Dick Piere, Rosamond Waters.

Most prominent of girls' organizations is the Girls Athletic Association. In addition to promoting high standards of sportsmanship, its main objective is to coordinate extra-curricular athletic activities for its members. Cheryl Rueckwald, who served as president of the organization, with the help of Patsy Flannigan, Cathy Mealus and Janet Zando, has helped to organize play days and fund-raising activities. During the year 1962-1963 many senior girls considered G.A.A. their most rewarding activity.

VARSITY CLUB

What would we do if the Varsity club didn't sell refreshments at all our basketball games? These boys serve our school in this way as well as promoting sportsmanship and fellowship among the varsity athletes. Also sponsored is the annual lettermen's banquet, at which awards are presented to outstanding sportsmen. Wherever they go their gray and red jackets mark them as the leaders of Carthage Central. Officers: President, Gary Walsemann; vice-president, Joe Ventiquattro; secretary-treasurer, George Blondin.

Even though it was a dismal season, with a 3-9 record, the team beat Watertown and Clayton to give those schools their only losses. The boys also made the first triple play since the centralization of the school. Dick Crovitz was the leading hitter with a batting average of .314.

The team ended the regular season with seven wins and eleven losses. In the playoffs the Comets were defeated by Lowville in the first game. The team split with the Academy Saints by winning the first game on the home court and losing at the Academy. An excellent brand of ball was played in these two games. John Dumaw was high scorer for the season with 311 points.

VARSITY FOOTBALL

Hard luck pressed the team throughout the season. Injuries to Joe Ventiquattro and Gary Walsemann hindered greatly the team's progress.

Although the team's record was two wins and five losses, the boys put up a very good stand, having several scoring opportunities against arch rival Watertown. Led in scoring by Gary Walsemann with 42 points, the team should be commended for its fine season effort.

Injuries and lack of wrestlers to fill all the weight classes hurt the team during the regular season.

In the League Tournament in which the team was fifth, winners, Gary Burke, Ralph Harvey, Richard Bent, Bill Nier, and Bob Reviere were their place winners. Gary Burke won the Outstanding Wrestler Award for the tournament.

WRESTLING TEAM

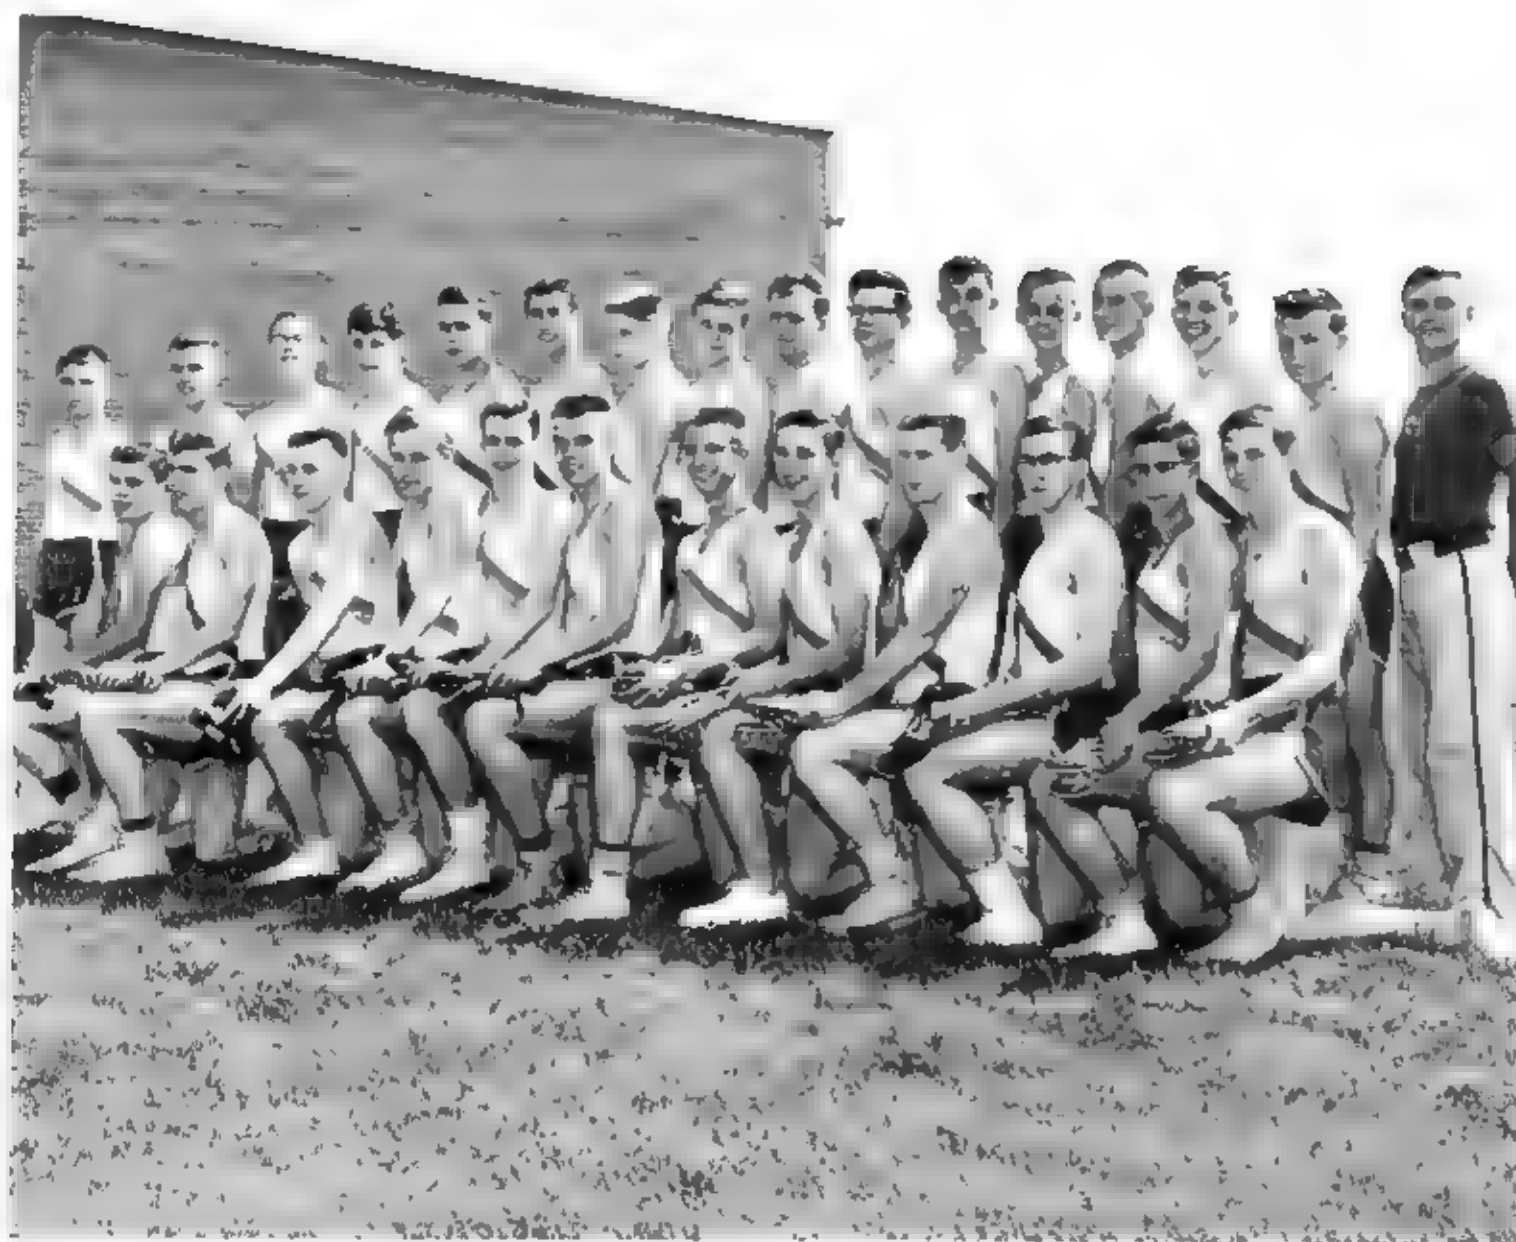

JR. VARSITY

Although the final record was one win, 8 loses, and one tie, it is no evidence of the way the boys wrestled. Because of the lack of wrestlers in the lower weight classes 15 to 20 points had to be forfeited before every match.

The JV's had two excellent wrestlers in Ralph Perrigo and Andy Lowe.

TRACK

The team won every meet for a record of six wins, no losses, and no ties. The 880 yard relay team was never beaten. The boys in it were Dan Martin, Leo Rennie, Bob Sprague, and Noel Harding.

SWIM TEAM

Although the team's final record was only four wins and eight losses, the boys tried hard to do their best, and many records were broken. Ted Bears and Brian McKenna broke two previous school records. Wins were over Salmon River, 53-38; Baldwinsville, 53-42; and a double win over Herkimer, 53-42 and 63-32.

If as much effort is put into next year's team as was exerted this year, then next season should be a very good one.

The Cross Country Team had an average season, with their scores usually midway between the high and low scores of each meet. Pete Mealus and Fred Williams, first and second men, were injured and lost to the team for the last half of the season.

The team placed twelfth in the Fulton Invitationals, fifth in the Norwood Invitationals, nineteenth in the Watertown Invitationals, and in the triangular meet with Lowville and Adams-Adams Center placed second.

The junior high is not without its creative groups. One such club is the Junior Dramatics Club which imitates the activities of the senior group by studying plays and presenting various small skits. Its officers, Evelyn Pierce, Dennis Clark, and Jacqueline Joy Landry, with the help of their advisor, Mr. Everett Carlson, find fun and knowledge in working with such a group.
